

# **triton** Product Specification Sheet

## Random Orbital Sander

OSA001

### Features

Fits 100 and 115mm angle grinders for superfast sanding.

Extremely rapid stock removal, or fine burnishing depending on the grit used.

Rotating and oscillating action creates a flawless finish, even on cross grain work.

Fitting and removal to the angle grinder takes less than 30 seconds.

Includes 3 hook and loop sanding discs for easy grit changes.
