Triton 235mm Precision Power Saw

TSA001

Features

- Smooth, powerful 2400W motor with needle and ball bearing construction
- Highly accurate calibration scale with quick-action bevel stops at 0°, 15°, 22½°, 30°, 45°.
- Strong, die-cast aluminium baseplate
- Micro adjuster for precision cuts
- Alignment holes for easy fitting and fine-tuning on Triton saw benches
- High quality 40 tooth Triton TCT blade

Specifications

MOTOR:	2400W (3¼ hp). High grade needle and ball bearings (metal sealed).
SIZE:	235mm (9¼")
SPEED:	4100 rpm
ARBOR SIZE:	16 or 25mm
MAX.CUT DEPTH:	90° - 82mm (3¼") 45° - 61mm (2⅞")
HEIGHT ADJUSTMENT:	Repositionable adjustment lever & +/-3mm micro adjuster.
BEVEL ADJUSTMENT:	Preset bevel stops at 0°, 15°, 22½°, 30° & 45°.
BLADE:	40 tooth Triton Premium TCT
BASEPLATE:	Die-cast machined aluminium.
INPUT POWER:	230 - 240V ~ 50/60Hz
WEIGHT:	7.8kg (17.2lbs) approx.
BASE LENGTH:	395mm (15½")
